Portable Handheld fan

Easy on the go use: This portable handheld fan is incredibly compact and lightweight, weighing even less and being smaller than a typical mobile phone. You can easily throw the mini fan in your pocket

**2-IN-1 Silicone Phone Tether Tabs and cell phone holder strap**

**Material:** Silicone +Metal

**Compatibility:** The slim silicone strap is good for fingers easy to hold various cell phones including iPhone 14 15 16 17 Series etc and not effect cell phone wireless charging

**Durable with 2-in-1 Functionality:** The elastic phone grips for back of phone not only provides a secure hold on your device but also serves additional purposes. It can function as a strap, giving you extra security when holding your phone, especially during activities where a firm grip is essential. The non-stick insert patches will connect with most phone lanyards and tethers. They are both thin and durable, crafted from tear-resistant materials.

Passing through the charging port

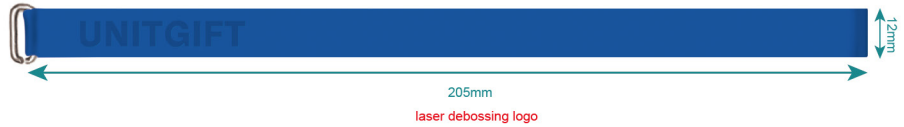

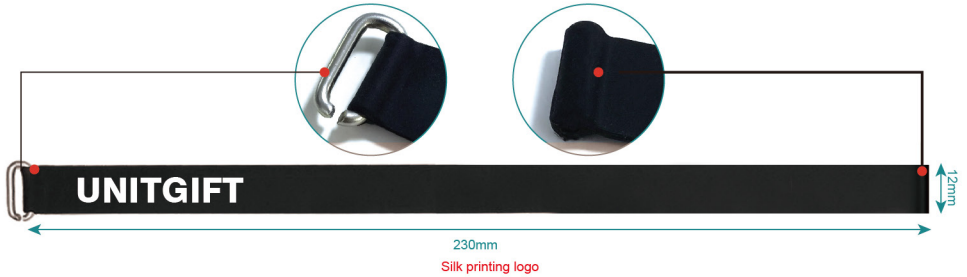

Passing through the camera hole

Connect both ends

silicone mobile phone strap Fits your phone case — Set up your strap on a clean and sturdy phone case. Simply pass the strap through your case openings with clip together. use as mobile phone Grip! — Say goodbye to hand cramps and accidental drops!

Ultra thin slim — With only 0.03in / 0.85mm thick, it's the most seamless phone grip solution out there. It lays flat on a table and is compatible with all your mobile accessories. The strap is smooth to the touch and feels silky on your skin. Easy for cleaning for daily using when dirty, very thin and wireless charge are not affect.
